Contact: mopotsyo@gmail.com

Website: www.mopotsyo.org

[Phuket Diabetes Forum](#)

Description: The aim of the group is to create a place where people 'living with diabetes' in Phuket, Thailand can go for information and support. They may be a diabetic, have a family member, partner or friend who is, be caring for a child who is diabetic or even an interested health professional.

Knowing who to see for what, or where to go for what, can be really confusing, especially if you're new here or newly diagnosed, so hopefully the group can build up knowledge that will be useful to everyone.

Location: Phuket, Thailand (83130)
